

## SPLENDID ADDRESS MADE BY SENATOR WHITEHEAD

Most Carefully Prepared and Most Convincing Speech  
on the Primary Election Bill.

## STALWARTS PRESENT A SOLID FRONT

Hagemeister Substitute for the Stevens Bill with  
the Referendum Clause Adopted—Vote in the  
Senate Stood 19 to 14—All Amendments Killed  
Without Mercy—Pleas for a Compromise Scorn-  
fully Rejected—Assembly Threatens More Amend-  
ments—A Deadlock Is Possible.

Madison, Wis., April 12.—John M. Whitehead closed the debate for the opposition to the Stevens Primary election bill last night with a speech which is declared by those familiar with legislative oratory to be the ablest in the Wisconsin senate in a score of years. Although the result of the final ballot in the bill (14 to 19) was a foregone conclusion, opinions are freely expressed that Senator Whitehead's speech served to hold the opposition together and prevented the rumored desertions from the ranks of the stalwarts from taking place.

Spoke as a Statesman.  
Senator Whitehead spoke as a statesman rather than as a politician. He spoke as one seeking truth rather than political expediency. His speech dealt with the measure in all of its details and he showed more clearly than had been shown in the entire debate in just what respects the proposed law would fail to accomplish what its advocates claimed it would do.

When he had finished it seemed that the last word had been said on the primary election question. Mr. Whitehead was greeted with great applause from the eight hundred or more people who had crowded into the senate chamber to hear the last clash in the debate. His speech was frequently interrupted with applause when he gave the bill his shoulder blows of argument and convincing logic.

Congratulated the Senator.  
After the voting was finished and adjournment had been taken, Senator Whitehead was surrounded by an enthusiastic crowd of admiring senators and friends each eager to congratulate him upon his magnificent effort.

Sensor Whitehead began by reciting the history of primary election agitation and legislation in Wisconsin. He stated that he had given the subject his most careful consideration during his two terms of service in the senate, that he himself, as chairman of the committee on privileges and elections had framed and introduced at his previous session a bill providing for a system of direct vote of the people in making nominations, but which differed greatly from the bill now up for passage.

Would Not Suit Rock County.  
After studying the Stevens bill he had concluded that the kind of primary election it represented was not adapted to the existing conditions in Rock county and that he had heard nothing in the present debate to change his opinion.

Mr. Whitehead declared that he was absolutely and unalterably opposed to primary election but not to direct vote of the people in so far as the machinery could be devised to make it applicable.

Throughout the debate the advocates of the bill had harped upon the primary election plank of the platform as a strong reason why the law should be passed. Senator Whitehead disposed of this argument by saying: "The party platform pledge has not the force of law. The action that we take tonight will have the force of law. We are not in a political convention, we are in the senate of Wisconsin. We are not politicians and statesmen. I will not support a bill until I know that I can do so conscientiously and consistently with my solemn oath."

Objections to Stevens Bill.  
Taking up the provisions of the bill he showed how it failed to apply the genuine Australian ballot to the nomination system. It is more universally hard to comprehend than the first Australian ballot law which had to be rejected on account of its unwieldy and cumbersome character.

The provision of the Stevens bill compelling a candidate to circulate petitions in a large number of counties in the state was condemned by the senator as being a departure from every established usage. He cited a recent decision of the supreme court of California declaring this latter provision unconstitutional.

bill because it was an undue injection of political parties into state legislation, something which had been successfully avoided up to the year 1877. The fact that under the proposed act we would still have caucuses, delegates and conventions for national nominations was also dwelt upon as an objection.

System Is Cumbersome.  
In closing his speech Senator Whitehead said: "You cannot by legislation make people over. If good people go to the polls they will cast good ballots. There is no good in a mere system—there is every good or bad in the men who use the system. This system would surely break down under the weight of bad men. This system by its clumsiness and its intricacies would trench a machine so gigantic that you could not dislodge it and the machinations of which you could not circumvent."

KILLED THE STEVENS BILL.  
Hagemeister Substitute Adopted by a Vote of 19 to 14.

Madison, Wis., April 12.—After killing the Stevens substitute bill and the Miller bill, the senate last night, at 10:40 o'clock, passed a Primary election bill in the form of Senator Hagemeister's substitute.

The bill provides that the primary election principal shall be applied to all of the counties within the state, which at the spring or municipal elections of 1902, may decide to adopt the new system of nomination.

The bill was passed by a vote of 19 to 14 after one of the fiercest fights that the upper house has experienced in years. Here is how the senators voted on the final passage: Vote Stood 19 to 14.

To pass the bill—Bissell, Devoes, Eaton, Gaveney, Green Hagemeister, Harris, Jones, Kreutzer, McDonough, Mills, Morse, Mosher, O'Neil, Reynolds, Mordan, Roehr, Whitehead, Willy—19.

Against passing bill—Anson, Burns, Fearn, Hatton, Jacobs, Knudson, McGillivray, Martin, Miller, Munson, Stebbins, Stout, Weed, Wolf—14.

Amendments Are Killed.  
After listening for two and one-half hours to the final debate on the Stevens and Miller bills, the senate at 10 o'clock finally got down to active business.

Mr. McGillivray had just concluded the address in favor of the Stevens substitute and called for the yeas and noes. The bill was killed.

Sensor Hattton then spoke for the substitute calling for county and legislative members. It was killed.

Mr. Miller Springs Surprise.  
Mr. Miller then sprung a surprise by offering the Stevens bill again with a referendum clause. The senate rejected the amendment.

Mr. McGillivray offered an amendment which tended to unite the caucus and convention system and primary theory. It was also killed.

Sensor Kreutzer offered an amendment allowing the counties to decide whether or not they want primary nominations. This amendment was adopted.

Sensor Weed wanted a clause inserted to include judicial elections. The senate turned own that proposition.

The amended Hagemeister substitute was then adopted.

Stood Like a Stone Wall.  
The opposition had the votes and stood out like a stone wall against the radical terms of the Stevens bill. Amendment after amendment was offered when the administration men saw the ground slipping away, but it was too late, the time for compromise was passed.

Up to ten o'clock the administration would not relent. At that hour when the supporters of the bill had been whipped, they pleaded for a promise. But the opposition had decided on its own terms and accepted only what had been agreed upon. When it was over both sides served notice that there would be no reconsideration.

The bill will now go to the assembly for concurrence. What will happen to it there is hard to predict but

## AFTER A \$2,000,000 FORTUNE.

Russian Relatives Seek Estate Left by a Texas Man.

New York, April 12.—Vladimir de Teplov, imperial consul-general of Russia, has received an inquiry from St. Petersburg concerning a fortune of \$2,000,000, alleged to have been left by Napoleon Dembinsky in Austin, Tex. Dembinsky, according to the consul's information, was a native of Russia, who came to this country many years ago and worked his way up from a poor boy. He died about 1886 in Austin, leaving no immediate family and no relatives in this country. Relatives in Russia recently heard of his death by accident and through the American minister at St. Petersburg obtained some information.

"The Russian relatives," said the consul last night, "are poor people and cannot afford to go to any expense to investigate the reality of this fortune. Through the courtesy of the American minister in St. Petersburg, however, they have learned enough to satisfy them that a large estate was left and that there were no American heirs to claim it."

"The American minister has written me that he believes the property has passed into the hands of one of the Catholic churches in Austin. He sent me the name of Roods Fisher, Jr., of Austin, who, he said, would be able to furnish me with the detailed information on the subject. I have written and telegraphed Mr. Fisher, but I have received no reply."

Jealousy Causes a Suicide.  
Ripon, Wis., April 12.—John Pear-

son, Jr., aged 26 years, son of John Pearson, Sr., a prominent farmer, killed himself in front of the home of Miss Jessie Lyle, with whom he had been spending the evening. His dead body was found by Miss Lyle's brothers when they returned from an evening party. Pearson had but recently returned from Portage where he has been in the shoe business. Before going to Portage he had been paying considerable attention to Miss Lyle. The only reason for the suicide known is that Miss Lyle has been receiving attentions from a young man, a stranger in this city.

## SUPT MAYNE ACCEPTS POSITION OFFERED HIM AT ISHPERING, MICH.

Last evening Supt. D. D. Mayne wrote to a member of the Ishpeming school board, signifying his intention of accepting the position of superintendent of the public schools. He also notified members of the local school board of the action he had taken. Neither notification was strictly official and his formal acceptance of the Ishpeming offer and his formal resignation as superintendent of the Janesville schools will follow.

Mr. Mayne is confined to his bed at his home on South Main street and is under a physician's care. He had a high fever yesterday and fainted away several times this morning but expects to be out in a few days.

Mr. Mayne's decision was reached several days ago and it is final. Out of respect for the wishes of a personal friend who hoped to be able to induce him to alter his determination Mr. Mayne promised to keep his decision from the public for a few days. The Ishpeming board required a speedy answer to their offer and a member of the board wrote to Mr. Mayne asking him to reply as soon as possible telling what he intended to do.

Supt. Necollins, whom Mr. Mayne will succeed has accepted a \$5,000 position as head of the music department of the American Book company of New York city and is under contract for May 1st. He will remain at Ishpeming, however, until the close

## OSTEOPATHY BILL WAS LAID OVER

Another Chance for Its  
Passage by the Assembly  
Wednesday.

## CADY BILL IS KILLED

After Short Session This A. M.  
Both Houses Adjourn Until Monday Night.

## VETO OF ROCK COUNTY BILL

Madison, Wis., April 12.—The Hagemeister substitute primary election bill passed by the senate last night applying the primary system to county officers only, and then by referendum did not reach the assembly for concurrence today, not being engrossed. When it does the bill will probably go to the committee and another effort at compromise be made. The assembly will not concur in the bill as passed by the senate.

With seventy-six bills on the calendar the assembly spent nearly four hours today wrestling with two bills. The Cady bill declaring marriages between whites and negroes illegal

bly last night after a long debate. A spirited debate developed over the Roe bill declaring all liquors containing one per cent. of alcohol intoxicating and prohibiting their sale without a license. An amendment was reported recommending that the percentage be raised from one to four. Mr. Zinn said that both the bill and the amendment ought to be killed. Mr. Roe said that he would rather have the bill killed than to have the amendment adopted. The bill was designed to stop the traffic in light beers now being largely sold in the southern part of the state as non-intoxicants.

Governor La Follette sent another veto to the senate this morning. It relates to Senator Whitehead's bill on the charging of a fee by the county judges on the filing of papers. The governor takes the ground that it is the duty of the judges to do so without a fee.

Duke of Cornwall Received.  
Colombo, Ceylon, April 12.—The royal steamer Ophir, Duke and Duchess of Cornwall aboard, arrived here today enroute to Australia. A magnificent reception was tendered them.

## AGUINALDO WILL ADVISE SUBMISSION

He is Preparing a Manifesto to the  
Filipinos Giving His Reasons  
for Doing So.

Manila, April 12.—Aguinaldo is said to have prepared a brief manifesto to the Filipinos in which he advises them to submit and give reasons for doing so. He acknowledges the incapacity of the Filipinos to govern themselves and advises the leaders, as for their best interest to give in.

This manifesto is being translated into Tagalo, Spanish and English, but it is not known whether it has yet been signed by the ex-leader. He will probably be removed in a few days to a private house in the vicinity of Malacanang as a prisoner and under guard. It is said that Aguinaldo fears the vengeance of the friends of General Luna who was assassinated by order of Aguinaldo, and that the authorities are afraid to release him. United States officers refuse to say a word on the subject and their actions are not explained.

Senor Buencamino, one of the leaders of the Federal party, announces that he intends to renounce politics. He refuses to call and see Aguinaldo. Senor Paterno, head of the new autonomy party, promises to form a new organization after the conclusion of peace. The object of this party will be to secure a territorial form of government.

## NEW DAILY PAPER FOR MILWAUKEE

Company Formed to Publish Independent  
Republican Newspaper  
to Fight Machine Politics.

Milwaukee, Wis., April 12.—Milwaukee is to have a new English morning paper, to be known as the Free Press. The company which will publish the new paper was incorporated this afternoon by H. P. Myrick, late managing editor of the Sentinel; Albert Huegin, late business manager of the same paper; and Cassius M. Paine, a well known business man.

The new paper will be out by the middle of May, will be independent republican, and it is claimed, will throw its influences against the forces of the "machine" politicians.

H. P. Myrick, late managing editor of the Sentinel, will be editor in chief, while the business affairs of the concern will be looked after by Albert Huegin.

## REMORSE OF CZAR OVER A HASTY ACT

Shoots a Young Officer Dead, Who  
Who Entered His Room Un-  
nounced—Feared Assassination.

Vienna, April 12.—The newspaper "Veja Reforma" of Lemberg, Galicia, prints a new version of the recent attempt on the life of the czar. A young officer entered unannounced into the room in which the czar was working. His majesty suddenly seeing the young man a few feet away suspected an attempt to assassinate him. He seized a revolver and in a panic he shot the officer dead. The guards quickly removed the corpse. The czar's remorse for his hasty act has grown into acute nervous prostration.

## Disaster for the Boers.

London, April 12.—Lord Kitchener sends a dispatch from Pretoria stating that the Eleventh, Col. Monroe, with Methuen's mounted infantry, after two hours hard fighting with the Boers captured eighty including Commandant Bresta and Lieut. Findeyop of the Staats artillery and eight wagons near Dewetsdorp.

## EXPECT TROUBLE FROM VENEZUELA

The Little State is Planning  
To Embroil the  
Powers.

## REVOLUTION IN SIGHT

Foreigners Given Permission to  
Seize Lands Belonging to  
American Citizens.

## VIEW OF MINISTER LOOMIS

San Juan, Porto Rico, April 12.—The gunboat Scorpion has arrived here from Venezuela with the United States minister to that country, Mr. Loomis, aboard. Mr. Loomis, who is accompanied by his wife, sailed for New York today on the steamship Caraca.

Antagonistic to Castro.  
Minister Loomis declined to disclose the nature of the report he will make to President McKinley, but, judging from casual remarks which he let fall, he is evidently quite antagonistic to President Castro. He said that the latter's salary was \$12,000 a year, but that he had laid up \$2,000,000 in the last two years. "President Castro told the Venezuelans," said Mr. Loomis, "that they and the Europeans in Trinidad were at liberty to seize claims in the Orinoco district on land previously ceded to Americans. It was evidently his intention to embarrass the United States government and force it to make armed demonstrations such as would possibly lead to trouble with foreign nations owing to the large German and British commercial interests on the coast."

## Another Revolution in Sight.

"The Venezuelan constitutional convention elected Castro provisional President until the autumn, when there will be an election for an eight-year term. General Andrade will not be president, but his friends are working, and a revolution is possible in the course of a year. He is now at Curacao awaiting developments. The situation so far as the United States government is concerned has passed the acute point. Such difficulties as exist can be settled diplomatically."

## Not Anxious to Return.

"I scarcely expect to return to Caracas. I have already served four years and am quite satisfied to bring the experience to a close."

Mr. Loomis said that the trouble between that country and the United States originated over a demand for the payment of claims of Americans amounting to \$100,000. He followed the instructions he received from the State department at Washington, pressed the claims, and finally collected the money. The ill-feeling that existed now, he said, was a result of this action, and brought about the revocation of the Orinoco concessions.

## SUDDEN DEATH OF ALDAGE F. WALKER

New York, April 12.—Aldage F. Walker, chairman of the Atchinson railway, died suddenly at his home in this city this morning aged fifty-nine. From eighty-seven to ninety-two he was chairman of the interstate railway association and its successor in the Western Traffic Association. In ninety-three he was made the receiver of the Atchinson and three years later when the road was re-organized he became its head.

## ENGLAND REJECTS OUR DRESSED BEEF

Will Not Affect the Chicago Packing  
Houses—Their Trade Is Mostly  
Canned Beef.

Chicago, April 12.—Arthur Meeker, general manager of the Armour company this morning confirmed the news that the British government had decided to discontinue the use of American dressed beef in the army. "Our contract for dressed beef is not very large," said Mr. Meeker, "and the new rule will have very little effect on Chicago packers. We send great quantities of canned beef to the British army in South Africa and will continue to do so as the contemplated change does not affect canned beef. The people of England consume three hundred million pounds of our dressed beef annually. The proposed restriction will have no effect on this trade."

Another packer explained that England had been buying cattle in Argentina and shipping them to South Africa, finding it cheaper.

## Seventy Chinamen Drown.

Hong Kong, April 12.—By a collision two boats were sunk on the river and seventy chinamen drowned. Thirteen persons were rescued.

## HOLDS FIRM CUBAN POLICY

McKinley Has No Intention of Modifying Attitude.

## NATIVES ARE ON PROBATION.

Cubans Will Not Be Coerced Into Accepting Conditions of Independence—Action Regarding Platt Amendment Is to Serve as Test of Ability.

Washington, D. C., April 12.—There is not the slightest disposition manifested by the administration to modify its Cuban policy in the slightest particular. No attempt will be made to coerce the Cubans into accepting the conditions of independence as laid down by Congress. The president has it within his power, of course, merely as a matter of parliamentary law, to prorogue or dissolve the Cuban constitutional convention whenever he thinks best. He called the convention into existence, and he can terminate its life at his own discretion. The simplest way to do it would be to cut off the per diem allowance. Many of the delegates, as is well known, are now drawing \$10 a day or so, for the first time in their lives, and they are naturally disinclined to accept the Platt amendments or do anything else which would put an end to their official positions. So long as their salaries go on they do not care if Cuba never has a constitution. The president understands the situation thoroughly. He is quite willing that the Cubans should have all the rope they need to hang themselves. It is believed here that if the Cuban convention protracts its sessions it will be a demonstration of the capacity of the people of the island to govern themselves. Practically all the Republican members of Congress are anxious to keep Cuba, and they will be only too delighted if the Cubans themselves, by rejecting the Platt amendment, give to Congress the opportunity it desires. In discussing the matter with senators and others who called upon him, the president has uniformly expressed the opinion that the Cubans would in the end accept the Platt amendment. The members of the constitutional convention, according to the information here, do not seem to have the slightest idea of the fact that the conditions imposed by the Platt amendment are absolutely an ultimatum. They are a part of the statute laws of the United States, and if the President should violate them he could be impeached. The proposition to have the Cubans appoint a commission to come to Washington is quite favorably received here. There will not be the slightest disposition to consider this as a diplomatic matter, subject to any negotiation. On the contrary, it is believed if the commission comes here it will be speedily informed by President McKinley, with the exquisite tact he possesses to such a marked degree, that the Cuban convention can accept or decline the terms as it sees fit, but that the president will not withdraw his authority from Cuba until the conditions imposed by Congress have been met, both in letter and spirit. It is predicted that if a commission does come here, it will speedily become aware of the fact that Cuba is up against a serious proposition. If it accepts the Platt amendment its independence will depend only on its own good behavior. If it declines the Platt amendment Congress will take the ground without hesitation that the Cubans have refused to give the necessary pledges, and hence the United States will be justified in at least establishing a permanent protectorate, if it does not go to the extent of an actual annexation.

### Must Pay Gambling Debt.

New York, April 12.—The Herald says what is believed to be one of the first cases decided by a jury in favor of the payment of a gambling debt, disputed on the ground of its illegality, has been disposed of in the City court before Chief Judge Fitzsimons. The jury gave a verdict in favor of John Bradley on two "I. O. U.'s" given to him by Henry Ivson, a well-known broker of this city, one for \$300 and the other for \$700. Mr. Ivson, while in St. Augustine, Fla., on March 30, 1899, paid a visit to a gambling house kept by Bradley, and lost \$1,000 at roulette. He gave his "I. O. U." but, as he refused to pay, Bradley placed the matter in the hands of his counsel, A. H. Hummel, with the result above stated.

### Hymn by Longfellow Found.

Boston, Mass., April 12.—An unpublished hymn written by Henry Wadsworth Longfellow has been discovered among worthless papers and old letters at the Longfellow house. The hymn is entitled "Christo Et Ecclesiae," and was written for the dedication of Appleton chapel, which took place Oct. 17, 1853. Dr. F. G. Peabody read the hymn at morning prayers recently. Mrs. Longfellow does not wish to give out the poem for publication just now, and she has not definitely decided where the hymn is first to be published. It is possible that it will soon be printed in the Harvard graduates' magazine.

### Reports More Surrenders.

Washington, D. C., April 12.—The war department has received the following cablegram: "Manila, April 11.—Adjutant-General, Washington: Col. Arce surrendered at Castillejos yesterday with 335 soldiers, twelve officers and arms. This and the surrender of Col. Alva at Orangapo, April 8, with thirteen officers, 394 men, ninety-two rifles, freers Bataan, Zambales provinces. "MAC ARTHUR."

## FAST TRAIN IN A WRECK.

Atlantic Limited Suffers from Collision Near Pueblo, Colo.

Pueblo, Col., April 12.—The Atlantic Limited on the Denver & Rio Grande railroad, which left here at noon, collided at Eden, seven miles north of here, with a south-bound train. Three trainmen were severely injured. No passengers were hurt.

### Wreck on the Wabash.

Omaha, Neb., April 12.—Wabash passenger train No. 14, south-bound, was wrecked at 9:30 last night at Wilcox, Mo., by running into an open switch. The engine was overturned and its mail car thrown into the ditch. Beyond slight injuries to the engineer and fireman from jumping, no one was hurt, although the passengers received a severe shaking up.

## ENDEAVORERS TO MEET IN BELOIT

Next Annual Convention Will Convene in the Line City On April 19—Excellent Program Prepared.

Yesterday was the eighth anniversary of the organization of the Southern Wisconsin Christian Endeavor Union. The next annual convention will be held in Beloit next week, opening Friday, the 19th and continuing through Sunday, the 21st. An excellent program has been prepared and large delegations from the local Christian Endeavor societies will attend the convention or special sessions of it.

Mr. Frank Spoon of this city was largely instrumental in the organization of the union. In March 1893, Rev. W. W. Sleeper of Beloit, and Prof. Edwin Shaw of Milton, met with Mr. Spoon at his home to discuss the matter of a district union. As a result of that meeting invitations were sent to all the C. E. societies in Walworth, Rock and Green counties to meet at the Congregational church Janesville, on April 11, 1893. The invitation met a very cordial response and the first annual convention of the Southern Wisconsin C. E. Union was a marked success. A constitution was adopted and officers elected, Mr. Sleeper being the first president. The other officers were vice president (one for each denomination), secretary, treasurer and chairman of the lookout committee, and later was added the superintendent of the junior department.

Since the organization in Janesville conventions have been held as follows:

Beloit, 1894; Whitewater, 1895; Milwaukee, 1896; Edgerton, 1897; Delavan, 1898; Sharon, 1899; Evansville, 1900.

### Notice to Clean the Street.

A large pile of dirt ornamented the street in front of E. B. Helmstreet's pharmacy today. It represented the early morning labor of Mr. Helmstreet and one of his clerks. When the street was well cleaned and the pile of dirt had grown to a considerable size a placard was placed above it. The sign bore the words, "For sale. Enquire of the street commissioner." It attracted much attention. Later the pile of dirt was removed by a city wagon.

### The Buffalo at Ceylon.

Colombo, Ceylon, April 12.—The United States cruiser Buffalo has arrived here. The United States armored cruiser New York is expected soon.

Elaborate preparations are being made to receive the duke and duchess of Cornwall and York, who are expected to arrive at daybreak.

### Baby Brutally Murdered.

New York, April 12.—The body of a baby, with the throat cut from ear to ear, was found in the hallway of the fashionable apartment house, the Wilhelmnia, yesterday morning. The child was well dressed. The police believe the child was murdered by its mother.

### "Nationalized" Wife Enjoined.

Knoxville, Tenn., April 12.—John Payne, a local saloonkeeper, has filed a bill for divorce. He charges that his wife became "Nationalized" and, besides breaking the bar fixtures, threatened his life. An injunction against her was secured.

### H. O. Armour Crippled.

New York, April 12.—Dr. G. A. McDonald, attending Herman O. Armour, who was stricken with paralysis a week ago, said yesterday that his millionaire patient has lost the use of his right leg and arm, and that this disability will be permanent.

### Blizzard Strikes Colorado.

Denver, Col., April 12.—The snowstorm which began on Tuesday developed into a blizzard during the night. Throughout eastern Colorado and Wyoming the ground is covered with wet snow to a depth of from one to two feet.

### Trying to Prevent a Strike.

Wilkesbarre, Pa., April 12.—The feeling is strong here now that the grievances of the employees of the Central railroad of New Jersey will be amicably adjusted and that there will be no strike.

### N. C. Chisnell Dead.

Akron, O., April 12.—Newton C. Chisnell, actor and writer, died at his home here yesterday, after suffering for many weeks from dropsy. He was 41 years old and left a widow.

A. A. Jackson is at West Baden, Ind., taking a rest from his legal business.

## MONROE REBEKAHS VISIT JANESVILLE

The delegation from the Monroe Daughters of Rebekah lodge which visited Janesville Lodge No. 171, Daughters of Rebekah at West Side Odd Fellows' hall last evening, returned home this morning on the 9:35 train delighted with the delightful manner in which they had been entertained.

The delegation was not as large as had been expected owing to the fact that the visitors were compelled to remain over night. Mrs. Stephenson, noble grand of the newly organized lodge at Monroe, and ten other members made the trip and enjoyed thoroughly the hospitality of the Janesville lodge.

The visitors arrived in the city on the 4:35 o'clock train yesterday afternoon and were met at the depot by a reception committee and taken direct to the lodge hall where many of the local lodge members were already assembled, it being the afternoon for the session of the Rebekah sewing circle. An hour was spent in renewing pleasant acquaintance and forming new friendships and then these fraternal bonds were cemented around the supper tables. The supper served was one that was a credit to the high reputation of the hostesses.

The regular lodge session and the initiation of candidates followed and the evening came to a pleasant close with a social hour. There was informal dancing to the music of the piano, fruit was served and when good-nights were said it was with the expressed hope that the two lodges might meet together many times in the future.

## AMUSEMENT NOTES

The company that will be seen in Anna Held's support during her coming production of "Papa's Wife," at the Myers Grand Friday, July 26, is exceptionally strong. Charles A. Bigelow, with his uniquely whimsical individuality, will give his intensely amusing creation of the part of the music teacher. Miss Adella Barker plays to the life the part of the massive queen of burlesque, Coralie; Max Figman plays the double role of the Baron Florestan and Artisd a "Papa's Son." George Marjory, Dan Collyer, Miss Crissie Carlyle, Miss Adelaide Orton, Miss Anita Austin are also in the cast. The chorus numbers sixteen American beauties, the prettiest showing of feminine beauty and grace ever seen in a chorus.

"Way Down East," which enjoyed such a long and prosperous run at the New York Manhattan Theater and Academy of Music, the past two seasons, will be presented in this city for the second time. Saturday, April 13, at the Myers Grand. The success of the play has been remarkable. It caters to all classes of theater goers and presents a strong moral without a sermon being preached to you. It is owing to this latter point that it has aroused the interest of the clergy in the different cities where it has been presented. During the engagement in New York numerous clergymen in Brooklyn used it as a text for their Sunday sermons.

"Way Down East" was written by Lottie Blair Parker who, several years ago wrote a curtain raiser for the Lyceum Theater called "White Roses," which met with great success. In the present instance the piece "Way Down East," was elaborated and produced by that skillful actor, Mr. Joseph R. Grismer, and by Manager William A. Brady, is one of marked excellence.

"Way Down East" depicts life as one finds it in rural New Hampshire, and admits of elaborate staging, which Manager William A. Brady has supplied. Probably the most conspicuous scene in "Way Down East" is the snow storm which is presented throughout the entire third act.

### An Enjoyable Card Party.

Companion Court Sylvan Dell No. 305 Independent Order of Foresters, held an enjoyable party in Forester's hall last evening. Progressive cinch was the game played and the jolly time at the card tables was followed by more amusement over the awarding of the prizes. The ladies' booby prize was a Carrie Nation hatchet and the gentleman's booby prize was a toy hobby horse. Light refreshments were served during the evening. Jack Tuckwood's orchestra was

**A PERFECT FOOD**

present and furnished enjoyable music, dancing following the card playing. The attendance at the party was large over one hundred people being present, and the affair was a decided success both socially and financially.

### A Jealous Neighbor.

Janesville to raise \$10,000! If Fairbanks, Morse & Co. would offer to move to the county seat for a bonus of \$39 Janesvillians would fall down on the last ninety-nine cents. Why, Beloit goes a thousand strong to attend a ball game at Janesville and pays to get into the field while the residents of the Bower City climb trees and crawl under the fence to save their quarter.—Beloit News.

## TEE ROYAL LEAGUE INSTALLS OFFICERS

The officers of Omega Council No. 214, Royal League, elected at the meeting two weeks ago were installed last evening at the meeting held in the East Side Odd Fellows' hall, with appropriate ceremonies. Supreme Scribe, Charles E. Pipor of Chicago, assisted by H. F. Knapp of Chicago and Thomas V. Dally and Aug. Corbbs of Milwaukee, conducted the work and installed the officers.

The Royal League is a social organization and also supports one of the best insurance orders known. It has a membership of 22,000 in a limited territory which is a very strong showing.

The work was followed by a luncheon and a smoker and an enjoyable social session was held. The lodge will meet every second and fourth Thursday in the month at East Side Odd Fellows' hall.

### Soapmakers in a Combine.

Chicago, April 12.—Thirty-five soap manufacturing concerns, including the N. K. Fairbank company, J. S. Kirk & Co. and Armour & Co., have formed a national combine to be known as the American Soap Manufacturers' association.

### Mrs. Hossack Found Guilty.

Indianola, Ia., April 12.—Mrs. Margaret Hossack was today found guilty of murder in the first degree and sentenced to life imprisonment for the murder of her husband.

### A Small Blaze.

An alarm of fire turned in from box 34 at the corner of South Second and East streets, shortly before 8 o'clock last evening called the department to a barn the property of C. S. Jackman, located on St. Lawrence place. The main pile in the rear of the barn had caught fire and was burning fiercely when the department arrived. The flames were soon extinguished by the chemicals and water from one lead of hose.

### A Pleasant Surprise.

About twenty of the friends of Misses Anna and Margaret Cullen, and their cousin, Miss Anna Croak, who has been visiting them for a week, perpetrated a pleasant surprise on them at their home last evening. The time was passed in a pleasant manner, playing progressive cinch and other games. The first prizes fell to Miss Croak and James Smith, and the consolations to Rina Busch and Anna Malloy. Refreshments were served during the evening and enjoyed by all.

### Painters Wanted.

Write or call on W. H. Derthick, care Opera House, Belvidere, Ill. Good wages and steady work.

## THE COMPROMISE MEASURE.

It will be a relief to the people of the state to feel that the much discussed primary law will soon be settled by the legislature. Never before in the history of the state has legislation been held up for two months in the interests of a measure that at its best is largely a question of sentiment.

It is well for the republican party that the senate is composed of a conservative majority, who would not agree to jeopardize the party by the passage of a law so revolutionary in character, as the Stevens bill. That a compromise measure in the interests of harmony was desirable, the senate fully realized, and the county substitute offered meets the demands, and will be readily concurred in by the assembly, if that body is honest in what they profess, if an effort is made to amend the senate substitute so as to include legislative districts, the purpose of the amendment will be readily understood.

The rank and file of the party throughout the state are in favor of returning John C. Spooner to the senate if he will consent to be a candidate. They are not disposed to jeopardize his chances by favoring a primary law that is susceptible of manipulation against his interests.

If the object of the law in the minds of its friends, is pure and simple reform, the county plan will test its merits just as well as any other plan. If it works all right, and the people are satisfied that the law is an improvement on the present system, they are perfectly competent to extend its usefulness.

The Gazette has contended from the first that the principle of the law was wrong. That while theoretically it looked all right, that like many other theories it was impractical. That while the aim was lofty, and as such commendable, that its working would destroy party organization.

A very large element throughout the state has shared in and expressed the same belief. The friends of the measure of course, defend it vigorously and are just as honest in their convictions.

Where such a wide difference of opinion exists within the ranks of the party, there is but one wise course to pursue, and this course has been adopted by the senate. While not believing in the principle of the primary law, the senate majority says, we are willing to test it for the sake of peace. The assembly can not do less than meet the proposition in the same spirit of fairness.

## DISAPPOINTMENT.

Nothing would please the democrats of the state more than a rupture in the ranks of the republican party, as a result of the primary law discussion. It is perfectly natural that any effort to compromise and bring the contending factions together, should be ridiculed by the democratic press, and this is already being done. The first effort at compromise on the part of the senate, is characterized as the defeat of the stalwarts.

The republican party will not be influenced by any desire that the opposition may possess to prolong a discussion that has not been profitable. The party was united in November, and while some bitterness has developed in the heat of the debate, the men are just now dealing with its destiny, possess too much wisdom and political sense, to permit any permanent break in the ranks. The peace and welfare of the party is worth more than the success or defeat of any measure, and this the legislators fully understand.

There was never a time in the history of the democratic party when it so badly needed an issue of some kind to unite its badly scattered forces. A republican quarrel would make a first class issue, and it would be immaterial whether the primary or any other issue, was the cause. Democracy will be doomed to disappointment this year. There will be no factional strife, when the legislature adjourns.

## RICHARD PETHERICK MARRIED

It is officially announced that Hon. E. R. Petherick of the State Board of Control is married, and The Gazette extends congratulations. Mr. Petherick, familiarly known as "Uncle Dick," is the democratic member of the board. He is a large hearted, whole souled man, extremely fond of children, and a general favorite at the state institutions. He was a bachelor, past the half century mark and his wife, a widow lady in middle life, a former sweetheart. Mr. Petherick is an old newspaper man, for many years connected with Milwaukee papers. He has served on the board for the last four years and has made a very acceptable member. His term of office expires in a few days. His many friends through-

out the state would be pleased to see him reappointed.

The killing of the Hall railroad commission bill by the assembly, was a good piece of work, and will be thoroughly appreciated by the manufacturers and business men of the state. The bill, while aiming to make life a burden for railroads, reacted on the people, and if it had become a law, the state would have suffered. Mr. Hall, with his radical notions, should be induced to move to Kansas, or some other state, where the atmosphere is more congenial to reformers.

The railroad bill that contemplated an increase of \$600,000 taxes was killed in committee by a vote of four to three. Two of the three members voting for the bill were Hall and Stevens, both reformers. It is unfortunate for the railroads that the majority of the committee recognized the injustice contemplated. The railroads should pay their share of taxes, and no more.

Mayor Harrison asks the citizens not to complain if pay rolls are stopped or dole franchisees are given away. If life and limb are endangered by bad roads, or if the workman is relieved of his week's wages by thugs, there should be no protest, just "patriotism," and "enterprise."

Word comes of the probability of a repetition of the Chinese rebellion of 1892 which was put down by Li Hung Chang. If the rebellion is successful it will mean the dethronement of the present dynasty and the deliverance of Manchuria into the hands of the Russians.

The meeting of the national kindergarten council in Chicago today is the outgrowth of a movement which started in Boston in 1860. Today there is hardly any difference of opinion with regard to the usefulness of the kindergarten in our new educational system.

The congressman from Thomas E. Watson's old district in Georgia expects to be returned to congress on his manifesto. "That the money question is dead." This must be sad reading for the "Prophet of the Platte."

The Chicago newspapers have just found out that it is not Kipleys who is to blame for "Wide open Chicago." He is as much to blame for being a fool as if he was the whole machine.

The powers should turn their attention to the north coast of Africa after opening the doors of China to the commerce of the world.

Greater New York has ordered a new spring charter.

## MUSICAL-LITERARY

## NEXT MONDAY NIGHT

An Excellent Program Prepared Will Be Presented at the Court Street

M. E. Church.

The regular meeting of the Musical-Literary Society, which was postponed from last Monday evening will be held next Monday, April 15. Instead of meeting at the Christ church parish house, the members will enjoy the program at Court Street M. E. church, the change being made necessary because the program includes two organ numbers. The subject for study will be the French school of music and the program will be as follows:

**Instrumental.** Fours Misses May Treat, Tassie Gibbons, Idilio Miss Elva Crawford, Valse Caprice Miss Maude Roderick, (a) Pan's Flute, (b) The Cuckoo, Mrs. Mabel Lewis Wilcox, Organ Solo Mrs. J. P. Sweeney, Voice. "Ritour Nell" Miss Elva Nott, "Wore I a Gardener" F. B. Smith, "Autumn Thoughts" Massenet, (b) "Elegia" (cello obbligato) Mrs. C. F. Tallard, Song George Paris, "Twilight" Miss Elizabeth Palmer, Reading. Paper Mrs. Mary Steever, Sketches-Chaminade, Godard, Daquin, Lack, Massenet, Mrs. Mary Doty.

In addition to the above program there will be an instrumental trio, "Lady of the Lake" which was omitted from a previous program. It will be played by Mrs. F. F. Lewis, organ, Mrs. W. T. Shearer, piano, and F. F. Lewis, cello.

## Option for Library Sites.

The library board has secured an option on a piece of property, on which a small frame warehouse now stands, as a part of block 52, and is just south of the Boetwick property, jutting onto it so that the board thought it desirable to make arrangements to secure it in case the Boetwick property is the site purchased. Dr. Horne has offered the property at \$1,500.

## GETS A \$110,700 CONTRACT.

Lorain Steel Company Will Furnish

Rails to Glasgow, Scotland.

New York, April 12.—Private cable advices last night brought the news that the Glasgow, Scotland, municipal committee had recommended the awarding of a big contract to an American steel company for the supplying of 3,450 tons of rails and fishplates for the municipal street railway of Glasgow. Fully nine-tenths of the first equipment of the road, amounting to \$300,000, was purchased in the United States. This rail contract will be the largest ever placed in this city for use in Great Britain. The Lorain Steel company of Ohio gets the order.

Judge Fielded this morning decided the case of Nillman vs. Bentley in favor of the plaintiff and gave him a judgment of \$51.07 and costs. This was an action on a contract for a crop of tobacco, part of which was refused by Bentley on account of damage. It was tried last week and the court took it under advisement.

Wm. Schoemaker was given judgment in Justice Earl's court last Tuesday against W. S. Hall for \$81 and costs to recover payment on a horse sold to Mr. Hall. "The horse was not sold as sound," said Mr. Schoemaker, "and I simply brought action to recover the sale price of the amount."

## ARE YOU PLUMP

or thin? red cheeks or sallow life in your step or feel your weight? are you comfortable or hoping to be so next spring or summer or fall?

One is health; the other is not quite health.

This condition of not quite health can be turned into health with Scott's emulsion of cod-liver oil.

It is a pity to get in the habit of thinking of health as a thing to be hoped for; why not go for it now!

There is only one way to make strength: by food. You want appetite first, then food. The emulsion will give you food-rest, to master your food with.

We'll send you a little to try, if you like.

SCOTT & BOWNE, 409 Pearl street, New York.

## ELECTRIC RAILWAY WANTS A FRANCHISE

### APPLICATION MADE FOR PAS- SAGE OF AN ORDINANCE.

**Streets Designated Upon Which the New Line Desires to Run—There Will Be Overhead Wires and the Fare Within the City Limits Will Be Five Cents.**

Thomas S. Nolan as the representative of the Beloit, Delavan Lake and Janesville Electric railway company today filed with City Clerk Badger an application for the passage of an ordinance granting them the following rights:

To construct, maintain and operate an electric company for the carriage of passengers with a single track and all necessary switches, sidetracks, turnouts, poles and other fixtures for a term of fifty years, on the following streets:

Commencing at the present southern limits of the city of Janesville, at a point where said southern limits are intersected by Beloit avenue, and thence northerly on said Beloit avenue to Elliott street, thence westerly on said Elliott street to McKee boulevard, thence northerly on said McKee boulevard to Eastern avenue, thence easterly on said Eastern avenue to the tracks of the Janesville Street Railway company, and thence easterly along and over said tracks or right of way to said Beloit avenue, thence northerly to Main street, thence northerly on said Main street to the intersection of Milwaukee street; provided that the right to use and pass over the tracks of said Janesville street railway company be first obtained by said Beloit, Delavan Lake & Janesville Railway company by lease or otherwise.

The rails are to be of the pattern and laid along such streets as the railroad shall designate and the council approve and shall be laid and maintained at the present or established grade of the street. The railway company are to change at their own expense the grade of the tracks at any time the city changes the grade of the streets.

The rails shall be laid to offer as little impediment as possible to the free use of the streets. They shall construct gutters under their track to permit the free flow of water and plank between the tracks at street crossings where the streets are not paved. In case the streets are paved over which the tracks run, the company agrees to pave a space of seven feet in width for a single track, and fourteen for a double track, and will replace the paving on any street already paved before the track is laid in a manner that is satisfactory to the city engineer.

The gauge of the tracks shall be four feet eight and one half inches.

The railway shall be operated by electricity with overhead wires. The poles shall be twenty feet high and as straight as possible and to be kept painted at all times, and shall be placed so as not to obstruct any alley, or driveway, or interfere with water, sewer or gas mains. They shall use and employ the best and most modern methods to prevent the escape of returning electricity and electrolysis of water pipes, gas pipes and underground cables.

The cars shall be improved motor cars with improved modern conveniences which shall be lighted at night and heated in cold weather.

The fare shall be five cents for a single passage to any point upon said route within the city of Janesville.

The cars shall be run so as not to interfere with the fire department in case any of their apparatus is on the track, while they are working to extinguish a fire. Any driver of any vehicle blocking the track and refusing to allow the car to pass shall be subject to a fine or not less than one or more than five dollars.

The city of Janesville reserves the right to grant any other company or corporation operating a street railway the right to cross the track of the railway hereby established at a grade upon such terms as the city council shall deem just and equitable.

The company agrees to begin its construction within one year and be completed and in operation not later than three years.

Persons moving building along the streets on which the railway is operated shall be required to move the same across the tracks between the hours of twelve at night and five in the morning.

The railway company agrees to file with the city clerk within ninety days after the passage of this ordinance a bond for \$5,000 with sufficient sureties as security after restoration of the streets after construction in the manner provided for.

The owners of the railway shall at all times hereafter, defend, keep harmless and indemnify the city for any and all legal claims or demands for injuries to person or property.

The ordinance will have to be published for at least two weeks in the official city paper before its presentation to the council. After due publication an affidavit of publication will be filed with the city clerk and the ordinance presented to the council for passage.

The ordinance will probably be presented to the council at its meeting two weeks from next Monday night. As it has been pretty thoroughly gone over by the judiciary committee a report on it will probably be made on the night of its presentation.

## BAKER BIDS FOR GOLF TOURNAMENT

### MAY BE HELD ON BUCKLETON LINKS JULY 18 TO 20.

**Mississippi Club Has a Cup Suitable for a Championship Contest, and Will Offer the Usual Runner Up and Consolation Prizes—Growth of Golf in Wisconsin.**

Joseph P. Baker, secretary of the Mississippi Golf club, has mailed to all the clubs in the state, a circular letter setting forth the proposition made by the Mississippi Golf Club at the meeting of the Western Golf association held in Chicago, April 4th. The proposition was as follows:

"The Mississippi Golf Club offers a suitable cup, to be known as the Wisconsin State Championship Cup, to be competed for by the members of any golf club organized in Wisconsin, such competition to occur annually and the first competition to be held on the links of the Mississippi Golf Club at Janesville, and thereafter upon the links of the club of the winner, thereby making an annual championship tournament, it being understood that the club on whose links the tournament is played shall furnish a consolation prize, a prize for the runner up in the first event, a prize for the runner up in the consolation event and a prize for the best score."

"The Mississippi Golf Club already has a cup suitable for the championship and stands ready to donate the same and also the other additional prizes necessary to make the tournament complete."

"If such a tournament is held, it was the sentiment of the representatives at the Western Association meeting that it be held on the 18th, 19th and 20th of July, on the links of the Mississippi Golf club at Janesville."

"We would be glad to have this recognized by the clubs throughout the state as a state tournament and when the tournament is held would suggest that a state association of some character be formed under whose auspices the tournament can thereafter be held."

The tournament comes at a time when the dates selected do not conflict with those selected for any of the national or Western Golf association tournaments.

The grounds at this season of the year are in the finest condition and are not all dried up as they usually are a month later. In case the other clubs of the state fall in with the proposition and select Janesville as the place for holding the first tournament, every effort will be made by the club to have the grounds as nearly perfect as possible.

The course is one of the best in the state. It is over one thousand yards in length and every hole presents a different feature in the play, giving it a charm seldom encountered in the flat courses where artificial methods are necessary to break the monotony of the play.

The game of golf has had a wonderful growth in the state of Wisconsin during the last few years. The Mississippi golf club is one of the oldest, if not the oldest club in the state. For a year after it was organized there were not more than four clubs in the state, the links of the Milwaukee Country club being laid out about the same time.

Now there are 28 clubs in the state located as follows: Riverview Country club, Appleton; Beloit Golf club, Beloit; Cusummbia Golf club, Davenport; Delavan Golf club, and Lake Lawn Links at Delavan; Mississippi Golf Club, Janesville; Cardinal Golf club, Kaukauna; Kenosha Golf club, Kenosha; Schaghticoke Country club, La Crosse; Lake Geneva Country club, Lake Geneva; Maple Bluff Golf club, University Golf club and Wingra Park Golf club, Madison; Milwaukee Country club, Milwaukee; Country club, Oconomowoc; Algona Country club, Oshkosh; Racine Golf club, Racine; Melrose Golf club, and Silver Lake Golf club, Ripon; Sparta Golf and Country club; Walwick Golf club, Walwick; Fountain Spring Golf club, Waukesha; Waupaca Golf club, Waupaca; Wausau Golf club; and Gitchinadi Golf club, West Superior.

The State Bank of Oshkosh, Wis., is responsible and asks a careful scrutiny as to its promoters. It is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

HAPPILY UNITED IN WEDLOCK

Bennett-Fetherston Wedding.

Before a bank of potted plants in the beautiful home of Mr. and Mrs. G. W. Fetherston of Milton, Wis., Rev. S. G. Huey spoke the words that united as husband and wife, Mr. Chas. Wesley Bennett of Chicago and Miss Emily Hope Fetherston of Milton, Wis.

The ceremony was performed in the presence of a large number of friends and relatives of the contracting parties. A sumptuous wedding dinner was served. A large number of costly and beautiful presents were in evidence as tokens of the esteem in which the young couple are held.

Among those from out-of-town were Mrs. Rathum of Independence, Ia.; and Miss Laura De Pue, Mr. Murray Bennett of Chicago. The bride is a daughter of Mr. and Mrs. G. W. Fetherston and a most estimable young lady both highly esteemed and widely known. For a number of years she was a successful teacher in the Rock county schools.

The groom is a well-to-do young man. For a number of years he has been an electrician in the employ of the Burton-Holmes Illustrated Lecture Company and renting agent for the R. J. Bennett company of Chicago.

They will take an extended wedding trip visiting such points as Niagara Falls, Buffalo, Syracuse and other points after which they will reside at Salmon River, N. Y., whither they will take with them the best wishes of their many friends.

FRESH MEATS.

We are ever ready to look after your wants in the Meat line. A phone message is all that is necessary.

F. H. KEMP,

## SPLENDID ADDRESS BY J. M. WHITEHEAD

Continued From Page 1.  
it is likely to be amended so as to include legislative districts.  
Master Speech by Whitehead.  
The debate on the Stevens bill last night was by far the best that has yet been held on the subject. Probably the master speech was the address of Senator Whitehead. The latter went into all of the details of the bill, pointed out its fallacies and contended that the spirit of the measure was wrong and dangerous. He was frequently interrupted by applause and after the session received many congratulations. It was the first public expression of the senator on the subject, but he was so forceful that it left no doubt in the minds of the audience that he had given it a great deal of study.  
Senators Kreutzer and Riordan also made effective speeches against the bill. They resisted the charges that they were straddling the question and showed how they had hoped in time the friends of the measure would listen to the measure and propose something less radical.  
The Last Effort Fails.  
The friends of the Stevens bill made one last effort and failed. Senator McGillivray delivered the closing address and mixed in it a good deal of humor and wit which kept the senate roaring with laughter. He ably defended the standard of the governor and also lauded the rise of Senator Spooner in the upper house of congress.  
Other advocates of the Stevens bill were Senators Anson, Fearn, Stout and Martin.  
Now Goes to Assembly.  
While in the senate the friends of the Stevens and Miller bill this afternoon insisted that they had nothing to compromise, over in the assembly a different sentiment prevailed, and if the feeling there is indicative of the stand of Governor La Follette on the compromise measure, here are the terms that the executive would accept:  
"A bill including county and legislative lines and the election of all delegates to conventions by a direct vote."  
The supporters of the Stevens bill think that they can pass such a compromise in the assembly. It will give them what they have been fighting for all of the time—the legislature two years hence. They figure with a primary election they will be able to elect members to the two houses who are favorable to the governor.  
When the senate substitute goes in to the house, it is proposed to refer it to the committee on privileges and elections. The committee, of course, is favorable to the administration and will report whatever the governor demands.

## Spring Fever.

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated, sometimes there is a dyspepsia, liver or kidney troubles. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A Private Revenue stamp covers the neck of the bottle.

A Cure for  
Stomach Ills.

No. 224.  
AN ORDINANCE To require the Janesville and South Eastern Railway Company to keep a flagman at its Center Avenue crossing in the City of Janesville.  
The Mayor and Common Council of the City of Janesville do ordain as follows:  
Section 1. The Janesville and South Eastern railway company is hereby required to keep a flagman at the following crossing in said city at all times between the hours of six (6) o'clock a. m. and ten (10) o'clock p. m., to wit:  
At the Center Avenue crossing on the southerly side of the Montgomery bridge.  
And by its flagman to seasonably warn all persons about to pass over said crossing of danger from approaching or passing engines or cars.  
Section 2. In case said railway company shall fail to comply with the requirements of this ordinance said railway company shall pay to the said City of Janesville the sum of one hundred dollars, and the further sum of one hundred dollars for each twenty-four hours of such failure, after notice from the mayor or city marshal of said city of such violation, which notice shall be in writing and a copy thereof delivered to some agent of said company.  
Section 3. This ordinance shall take effect and be in force from and after its passage and publication, which publication shall be for three successive days.  
Passed, March 18th, 1901.  
Approved:  
VICTOR P. RICHARDSON,  
CITY CLERK.

## Nerves Need Fuel

To feed the vital fires or they lose the power to regulate and control the body. Unnatural stimulants won't do. Like an air blast on dying embers they cause a sudden flash of heat—then all is dead. Give the nerves plenty of fuel, and the worry and fretting, the headaches, the nervousness, loss of sleep, deranged digestion, neuralgia, rheumatism and heart troubles, that burn up the brain substance and destroy the nerve-force, will disappear forever. Don't wait till the fires are burned out. Begin now.

"I was so nervous and restless that I could get little sleep, and the headaches were something dreadful. Pains would start in the temples and travel down the chords at the back of my neck to chest and arms. Doctors gave no relief, but Dr. Miles' Nervine cured me."  
MRS. A. H. WIEMAN, German Valley, Ill.

## Dr. Miles' Nervine

creates a good appetite, stimulates digestion, quiets nervous irritation, gives refreshing sleep and sends plenty of fresh blood to the furnaces of the brain and nerves.

Sold by druggists on guarantee. DR. MILES MEDICAL CO., Elkhart, Ind.

## You Should Wax That Floor.

This is the time of the year for a new polished floor. You can do it yourself with the aid of Kert's Floor Wax. It is not expensive and we warrant it. We also keep Johnson's Floor Wax. FURNITURE POLISH of all kinds.

## New Patterns in Wall Paper Now In.

DR. SECRIST will visit JANESVILLE, at the PARK HOTEL, on Friday, Apr. 19. Broadhead, on Saturday, Apr. 20.  
AND EVERY FOUR WEEKS THEREAFTER.

## Omega Oil

**NEURALGIA**—There is no sense in wasting words about Neuralgia. We know that it causes terrible suffering, and the darting pains are enough to drive you mad. What a sufferer wants is relief. He wants the pain to stop. He wants to be well and happy again. The way to get relief from neuralgia is to rub Omega Oil into the spot where the trouble lies. First bathe the part with hot water to open up the pores. Then give it a good, thorough rubbing with Omega Oil. This liniment will be taken up by the flesh, and penetrate to the aching nerves. It will give gratifying relief. It will soften, soothe and comfort. It will overcome and banish the pain. Plenty of people will doubt this, but their doubting does not change the facts. Omega Oil is good for everything a liniment ought to be good for.

If your dealer refuses to supply you with this wonderful Swiss green liniment, the Omega Chemical Co., 257 Broadway, New York, will mail

South Main Street.

## NERVOUS DYSPEPSIA.

## A CURE FOR IT.

Not a Patent Cure-all, Nor a Modern Miracle, but Simply a Rational Cure for Dyspepsia.

In these days of humbuggery and deception, the manufacturers of patent medicines, as a rule, seem to think their medicines will not sell unless they claim it will cure every disease under the sun. And they never think of leaving out dyspepsia and stomach troubles. They are sure to claim that their nostrum is absolutely certain to cure every dyspeptic and he need look no further.

In the face of these absurd claims it is refreshing to note that the proprietors of Stuart's Dyspepsia Tablets have carefully refrained from making any undue claims or false representations regarding the merits of this most excellent remedy for dyspepsia and stomach troubles. They make but one claim for it, and that is, that for indigestion and various stomach troubles Stuart's Dyspepsia Tablets is a radical cure. They go no farther than this and any man or woman suffering from indigestion, chronic or nervous dyspepsia, who will give the remedy a trial will find that nothing is claimed for it, that the facts will not fully sustain.

It is a modern discovery, composed of harmless vegetable ingredients acceptable to the weakest or most delicate stomach. Its great success in curing stomach troubles is due to the fact that the medical properties are such that it will digest whatever wholesome food is taken into the stomach, no matter whether the stomach is in good working order or not. It rests the overworked organ and replenishes the body, the blood, the nerves, creating a healthy appetite, gives refreshing sleep and the blessings which always accompany a good digestion and proper assimilation of food.

In using Stuart's Dyspepsia Tablets no dieting is required. Simply eat plenty of wholesome food and take these Tablets at each meal, thus assisting and resting the stomach which rapidly regains its proper digestive power, when the Tablets will be no longer required.

Nervous Dyspepsia is simply a condition in which some portions of the nervous system are not properly nourished. Good digestion invigorates the nervous system and every organ in the body.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cts. a package. They are manufactured by the F. A. Stuart Co., of Marshall, Mich.

Any druggist will tell you it gives universal satisfaction.

Roosters often crow over eggs they did not lay. Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co.'s advertising. 35c. Sold at Smith's pharmacy, kodak agents, next to postoffice.

Home-seekers' Excursions via C. M. & St. Paul Ry.

March 5 and 19; April 2 and 16; May 7 and 21; and June 4 and 18, good for 21 days, to points west, south and southwest; at one fare plus \$2 for the round trip. Further particulars at passenger depot.

Half the ill that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eclectic Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind if physicians have failed to cure you, Try Doan's Ointment. No failure there. 50 cents, at any drug store.

For Over Fifty Years. Mrs. Winslow's SOOTHING SYRUP has been used for children while teething. It soothes the child, softens the gums, allays all pain caused by wind-colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by druggists throughout the whole world.

## TELLS OF GOEBEL PLOT

Judge Yost Backs Up Ex-Governor Bradley

## IN SENSATIONAL TESTIMONY.

Says Taylor's Conversation with Ripley Was Repeated by Captain, Who Was Advised to Keep It to Himself—Interview with Taylor.

Frankfort, Ky., April 12.—The testimony in the case of Garnett Ripley brought out nothing sensational that had not already been anticipated. Judge W. H. Yost testified corroborating the testimony given by former Governor W. O. Bradley yesterday. It is said that at the close of the evidence for the prosecution the defendant will go on the stand himself and still further corroborate Bradley and Yost, and make other equally sensational statements. W. H. Coulton and Banker John A. Black of Barbourville were among the witnesses today and gave over again the testimony they have given on former trials. The court granted an order on the Western Union telegraph office at Eminence to produce all telegrams sent and received by Ripley last year. J. W. Ferguson, a laborer who worked for Ripley last year, said that he had been in meetings at Frankfort and heard Ripley say that while Goebel might be declared governor, he would never serve. Ripley also said, according to this witness, that Goebel should have been killed when he killed Sanford.

Judge Yost Adds Details. Judge W. H. Yost also testified that Bradley had told him that he had been told three men were waiting to kill Goebel as he entered the yard. Bradley and Yost then hunted up Charles Finley and others and told them what they had heard. Finley said nothing of the sort was intended or would occur. After the shooting Judge Yost said on one occasion Ripley complained of an indigestion he had received at the hands of Taylor, and Ripley also related to him the conversation with Taylor related by Governor Bradley yesterday in which Taylor had told him that Goebel would not live twenty-four hours longer. Judge Yost said he advised Ripley against repeating the statement.

Taylor Denies Conversation. Indianapolis, Ind., April 12.—Ex-Governor Taylor of Kentucky today denies the sensational conversation repeated by his counsel, ex-Governor Bradley, at Frankfort yesterday. Said he: "Of course, I know nothing about what Captain Ripley said to Governor Bradley, but I do know what was said by me to Mr. Ripley. On Monday, Jan. 29, 1900, Ripley came to my office and I think said he was looking for General Collier. He then told me he had made up a company of state militia composed of good men. I responded that I was glad of it because public excitement was running so high in Frankfort that a riot was liable to be precipitated at any time, and in the event such a thing should occur his company was near and could reach Frankfort quickly and thus aid in preserving peace. This is substantially what was said. Governor Bradley never said anything to me about his and Ripley's conversation."

Strike Results in Rioting. Phoenix, Ariz., April 12.—Serious trouble continues along the line of the Nacozari railway, where the graders have struck. On the Arizona end of the line several hundred Yaqui Indians have been put to work in place of the strikers, and, besides being heavily armed, are guarded by a strong force of deputies. At Fronteras on Monday an American gambler was killed in a fight with strikers, two Mexicans were mortally wounded and several others seriously hurt in the melee. Four troops of Mexican soldiers have been sent to Fronteras and the contractors have asked for further protection. It is stated that an attempt by the Americans to organize the graders was the cause of the strike and subsequent rioting.

Victim of Self-Hypnotism. Evanston, Ill., April 12.—Too much study of the science of hypnotism is said to be responsible for an unfortunate mental condition into which L. E. Erickson, a wealthy jeweler of 1926 Sherman avenue, Evanston, has fallen. He has pursued the study with such ardor and experimented so much upon himself, it is said, that he is now a helpless victim of autohypnotism—otherwise, self-hypnotism.

To Move Lincoln's Remains. Springfield, Ill., April 12.—Trustees of the Lincoln monument expect within a few days to remove the remains of the martyred president from the temporary vault to the new monument. There will be no formal ceremonies, only state officers and representatives of the press being invited to be present. It is probable that the casket will be opened.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. WEST & TRUAX, Wholesale Druggists, Toledo, O. WALKER, KINNEY & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 50¢ per bottle. Sold by all Druggists. Testimonials free. Hall's Family Pills are the best.

The bather sometimes finds the sand soft and yielding to his feet. It does not trouble him and he goes on until presently he sinks to his knees and discovers to his horror that he has to fight for his life in a quicksand.

Disease is much like the quicksand. The first symptoms of stomach trouble do not cause anxiety. But when the body grows weak through lack of nourishment and disease of the stomach breeds disease of heart, lungs, liver or kidneys, the sufferer realizes his danger and seeks for medicinal aid.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, lungs, liver, kidneys, etc., when these diseases have their origin in disease of the stomach and its allied organs.

Thomas A. Swarts, of Sub-Station C, Columbus, Ohio, Box 103, writes: "I was taken with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got weak so I could scarcely get around. At last I had all the complaints at once, and the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up to die. Then a neighbor said, 'Take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles, in about six weeks, I was weighed and found I had gained twenty-seven (27) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy today, I think, as I ever was."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## DOINGS OF THE LAW MAKERS.

## ILLINOIS.

Thursday, April 11. A great number of bills came into the senate, were read a first time, and sent to second reading. Senator Townsend's bill, which provides that commercial travelers' associations may insure members of their organization who are not engaged in the business of commercial traveling, passed—yeas, 32; nays, 1. Governor Yates sent to the house this morning eight bills making amendments to the practice act prepared by the practice commission.

## MICHIGAN.

Thursday, April 11. The equal tax bill was passed by the house and sent to the senate, where it was referred to the railroad committee. An effort was made to substitute a specific tax measure in the house, but failed. It is thought certain that the senate will amend the bill and that a compromise bill will have to be agreed upon a compromise draft. The senate killed the bill designed to put a stop to the Sunday marriage industry at St. Joseph, and passed a bill debarring defaulters from holding certain elective offices in Grand Rapids.

## Bring 4,178 Immigrants.

New York, April 12.—Four transatlantic steamers that reached this port today brought an aggregate of 4,178 immigrants. The Tartar Prince, from Naples, carried 1,040; the Majestic, from Liverpool, 797; the Frankfurt, from Bremen, 1,746; and the Westerland, from Antwerp, 595.

## Kaiser Unveils Statue.

Potsdam, April 12.—Emperor William at noon today unveiled the equestrian statue erected in honor of Emperor William I.

Mr. and Mrs. F. Burroughs are enjoying a visit from their daughter, Mrs. Vernon Clute of Clark county, Wis.

## CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—on a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obstinate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

"A small pimple came on my jaw about an inch below the ear on the left side of my face. It gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time, when my jaw began to swell, becoming very painful. The Cancer began to eat and spread, until it was as large as a half dollar when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—MRS. R. SHIRER, La Plata, Mo. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice. **R & G CORSETS**  
NEVER STRETCH

The moderately straight R & G No. 397 was and is the corset of comfort with the essence of style. It is straight enough for the prevailing vogue and curved enough to conform to healthful anatomical lines. In 1900 we were unable to fully meet the demand for straight-front goods and unwilling to resort to any makeshift to meet the conditions. At present, however, considerable additions to our factory facilities enable us to keep the trade supplied with real straight-front corsets at retail prices from \$1.00 to \$2.50, and also our 397, 197, Empire and other popular numbers. There are over seventy styles and sizes of R & G Corsets—a corset to fit every figure. R & G Corsets are the corsets that do not stretch. Every hairbreadth of stretch is taken out of the goods by means of steam-heated iron forms. This gives a permanency to the right shape and form that will stay in it until the last day you wear it. Every R & G Corset is sold with the understanding that it must give satisfaction to the wearer, or the dealer will supply a new one free of cost. If your dealer hasn't it, send us his name and we will see that you are supplied with what you want.

**Going to Build**

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousands of dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood. In fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to present you a copy free of charge. If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

## NEW PROOFS OF THE LIVING TRUTH!

R. J. Sarasy, Janesville, Wis.—Dear Sir: For the benefit of suffering humanity, I feel justified in sending to your address this unsolicited testimony in favor of your wonderful remedy Trymi. For nearly a year I have been a sufferer from torpid liver and have consulted some of the best physicians in our city. They all made an accurate diagnosis of my case but whether from want of interest or inability to cope with my malady, the fact remains they met with no results. It remains for me to say therefore that after having taken only two bottles of Trymi I have gained 15 lbs. and am enjoying health and vigor. Respectfully,  
MRS. A. J. RHEUBOTTOM.  
91 Ralph Ave., Brooklyn, N. Y.

R. J. Sarasy, Janesville, Wis.—Dear Sir: After taking only one bottle of your wonderful medicine Trymi, I am cured of stomach and liver trouble of 15 years standing—have gained 8 or 10 lbs. and feel it is impossible to praise Trymi too much. It has benefited me wonderfully. Respectfully,  
H. H. HODGDON  
St. Louis, Mo., Care of F. A. Steer  
Furnishing Goods Co.

R. J. Sarasy—Dear Sir: For twelve years I have fought the condition of my stomach. Every morning, almost without exception, while harnessing my horse, I would have to stop and vomit my breakfast. My distress was great and continual. After taking two bottles of Trymi I find all my symptoms of Dyspepsia and Bowel Trouble have left me and I cannot find words strong enough to praise Trymi. I am sure Trymi will do all that is claimed for it. Respectfully,  
WM. J. GRANT.  
Janesville, Wis.

R. J. Sarasy—Dear Sir: During the past ten years I have taken drugs and remedies enough to start a wholesale drug store, in a vain attempt to find relief from chronic constipation. Your Trymi fitted my case exactly and on an outlay of \$1.00 I have secured more benefit in one month by using Trymi than in all the years previous. GEO. H. CRANE.  
Janesville, Wis.
